MAP USE QUESTION ASSIGNMENT

Which Map Would You Use to Answer These Questions?

Read the scenarios below. Determine *which type of map* you would use to help you solve the problem. *Explain your answers.*

1. You need to plan a delivery route for a trucking company that delivers furniture. What kind of map do you use and why?
2. You are buying some land to build a house. You want to make sure that the land is not too steep to build on. What kind of map do you use and why?
3. It is the zombie apocalypse and you are trying to find a location to rebuild a city. You want to make sure you will enjoy the weather all year round. What kind of map do you use and why?
4. You are gathering intelligence for the CIA. You are required to describe the landforms of a country. What kind of map do you use and why?
5. It is still the zombie apocalypse and you are still trying to find a location to rebuild a city. You want to make sure you choose somewhere that has all the resources you need. What kind of map do you use and why?
6. You are planning a trip to another continent. You want to see which countries you might be able to visit on your trip. What kind of map do you use and why?
